NUMBER 4

Antioch Host to Dist. Pony League Tourney Friday and Saturday

Skokie, North Shore, Evanston, Deerfield Vie for Dist. Championship

Antioch will play host this week-end to the top four Pony League teams in this district for the semi-final and final rounds of tournament play for the district championship. Although the Antioch team is not one of the finalists, Antioch has been chosen as the site for this event because of the organizational progress and interest shown here ever since the local team was started three years ago.

Two games will be played tomorrow at the Little and Pony League field in Williams Park between Skokie and North Shore and Evanston and Deerfield, starting at 1 and 3 p. m. The winners of those games will meet at 3 p. m. on Saturday to determine the championship. The consolation game will start at 1 p. m.

"It is hoped that the people from Antioch and surrounding areas will make a good attendance at these games, therefore possibly insuring further district and regional tournaments being held in Antioch," Sigurd Nielsen and Edward Zalatoris, tournament chairmen, commented.

The winners of this tournament will advance to the regional games and then the regional winner will go to Washington, Pennsylvania, for the Pony League World Series.

The Lakes Region had two teams entered in the National tournament, but both lost their preliminary games. The one team which had Antioch players R. Gudgeon, D. Pyle, and W. Jarvis lost to a team from Glenview, 3 to 2. The other team lost to Skokie by the score of 2 to 1.

Antioch has been the instrumental factor in building the Lakes Region League, which has grown from two teams to ten. Other towns in the league are Fox Lake, Gurnee, Mundelein, Wauconda, Island Lake, and Lake Zurich.

The Antioch team is now leading its division and will play the other divisions of the Lake Region in a series of games to determine the league champion.

County Fair at New Location Drew Crowd Of 70,000 Last Week

Favored by ideal weather the first Lake County Fair at the association's own grounds on Rte. 45 north of Rte. 120 west of Grayslake was a success so far as attendance is concerned.

An estimated 70,000 persons attended the fair between Thursday morning and Sunday evening. While some displays were not as large this year, others were better and the number of exhibits was increased.

Tents held all but two of the exhibits, two sheds having been erected for the dairy cattle this summer. Next year it is expected that the administration building housing the offices of both the Fair Assn. and the Lake County Farm Bureau will have been erected.

The fair received much favorable comment, but there was much criticism over the fact that hitherto there were free attractions were made paid attractions without the newspapers and the public having been informed in advance.

Many children went to the fair Sunday expecting to see Bob Atch-er in action and were told they must pay to see him.

The lack of free parking space without announcement of the fact also left a sour taste, for all of this was provided at Wauconda, Libertyville, and in Antioch.

Anyway, the people got their money's worth—those that had it. From the awards, few Antioch Township persons exhibited products.

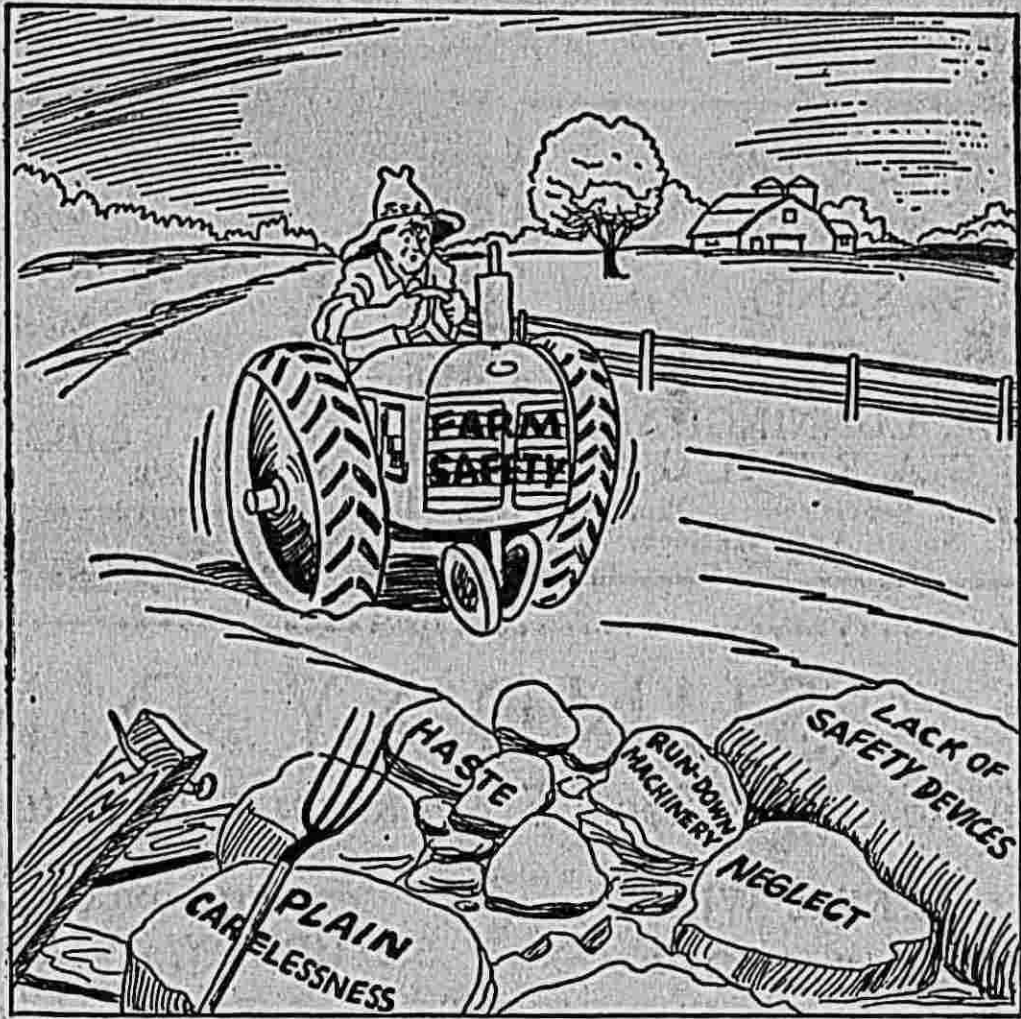

Rev. John Taylor Will Occupy Local Pulpit

For the next three Sundays, a guest minister, the Rev. John Taylor, will lead the Antioch Methodist church in worship and preach the morning sermon in both the 9:30 and 11 a. m. services. Mr. Taylor is a recent addition to the faculty of Kendall College in Evanston, Ill.

Upon graduating from Cornell College, Iowa, he spent three years in graduate study at the Divinity School of Yale University. He has had experience as pastor of the Methodist church in North Chicago before joining the staff of Kendall College.

The pastor, the Rev. Howard Benson and Mrs. Benson will be on vacation.

Steppingstones To Trouble

Antioch's Rescue Squad Security for People Of Area Based on Services of Many Years

Yanks Lead in Second Round, Little League; Stars Lose to Elgin

Little League teams neared the end of the second round of play last week with the Yankees moving into first place through a victory over the Sox 8 to 0.

The Cubs took the Dodgers 7 to 6, and the Tigers tripped the Giants 6 to 5.

Friday night the Giants lost another close one to the Yankees 4 to 3. The Cubs were upset by the Sox Sunday and the standings as of Sunday night, July 29 were as follows:

Team	Sponsor	Won	Lost	Pct.
Yankees	Nat'l Bank	4	0	1.000
Cubs	Ant. Service Center	3	1	.750
Tigers	State Bank	2	3	.500
Sox	Dupre Heating	1	3	.250
Giants	Ant. Lumber	1	3	.250
Dodgers	L. V. Drugs	0	1	.000

Elgin 6, Antioch 2

The Antioch All Star team lost to Elgin in the game last Saturday at Libertyville. The Elgin team scored 6 runs on 4 hits to the 2 runs on 5 hits by the Antioch squad.

Smith started as pitcher for Antioch, but was relieved by Good in the second inning. Good held the Elgin team to 1 run in the four innings he pitched. Brownlee caught the entire game for Antioch. Bentel, Dittman, Pleviak, Cermak and Wennigiar accounted for the five hits by the Antioch squad.

The games scheduled for next week are as follows:

6:30 Thursday, August 2nd—	Sox vs. Tigers
6:30 Friday, August 3rd—	Yanks vs. Sox
1:00 Sunday, August 5th—	Dodgers vs. Giants
6:30 Tuesday, August 7th—	Giants vs. Yankees
6:30 Wednesday, August 8th—	Giants vs. Yankees

Henry J. Kalina, 48, Uncle of Roger Drije Dies of Heart Attack

Henry J. Kalina, 48, uncle of Roger Drije, head of the Antioch automobile sales firm of Drije Chevrolet, Inc., died unexpectedly at 5:30 p. m. yesterday at the home of his sister, Mrs. E. J. Drije on the north-east shore of Lake Marie.

Mr. Kalina was stricken with a heart attack and was dead when the Antioch Rescue squad and a doctor arrived.

Mr. and Mrs. Kalina were guests of the Drije families for the week. Their home is at 2634 South Central Park ave., Chicago. Mr. Kalina was an automobile repairman.

Surviving besides the sister and nephew are four other sisters and a brother.

The body was taken to the Jaros Funeral home in Berwyn, Ill., where services will be announced.

Car Skids, Two Injured

Two persons were treated for minor injuries Tuesday morning as the result of an automobile accident on Rte. 41 and Wilmet rd.

Raymond Bockhol, age 3 months, Chicago, received bumps on his forehead and Lee Ann Bockhol, 21, Chicago, had mouth cuts.

They were riding in a southbound car driven by Melvin G. Paffrath, 22, Three Lakes, which struck a semi-trailer from the rear after skidding on wet pavement.

The truck was operated by Joseph M. Behl, 46, Milwaukee.

Can you imagine Antioch without a rescue squad?

What would the thousands of people who have been helped during the past 18 years have done without the services of these volunteers?

A staff of 15 men are members of the squad after serving at least a year's probation. These men are all volunteers and receive no pay for their services.

All types of cases from heart attacks, premature births, drownings, accidents, etc., are handled by the Rescue Squad, which is on duty 24 hours a day.

Already during the month of July, the Antioch Rescue Squad has had over 24 calls. Captain of the squad, Herman Holbek, states that the worst accidents in Lake county in the squad's history have taken place this July.

"If people would go out with us to see some of the terrible accidents, they would realize the horrible results of speed and learn to think a little before going so fast," stated Capt. Holbek.

Antioch's rescue squad was the first of its kind in Illinois and has been praised by state officials as "the best rescue squad in Illinois."

The Rescue Squad is a non-profit organization and is not supported by taxes. Its whole support is from donations—Your donations.

The annual Lions Club drive to raise funds for the Rescue Squad is on now, and every family is urged to give within their means to this very worthy organization. You never can tell when you may need its services.

Twenty-three Teachers To Make Up Salem Central H. S. Faculty

A total of 23 teachers will make up the teaching staff for the coming year at Central High School, Salem, Wis., Principal A. H. Erickson announced recently. Three vacancies had been created by the departure of Joan Stutinger, Elvin Conway, and Carl Thostenson. Ruth Lettink will teach girls' physical education, Malcolm Alby will head the science department, and Mrs. Jane Paumbo will teach chorus and math.

Other additions to the staff are Mrs. Joyce Buela, business education; Mrs. Mary Lou Thillmann, home economics and English; Effie Doering, improved reading; and Simon Kowahl, agriculture and biology.

About 130 freshmen have registered for next year, and the anticipated total enrollment will be approximately 460 students. The new additional classrooms and shop areas should be in readiness when school opens on Sept. 5.

Racine County Fair Holds Rodeo Contest

The F-Bar-M Rodeo and Rodeo contest will be special features at the Racine County Fair to be held at Union Grove from August 2 to 5. The Rodeo will be held each evening during the fair and at matinees on Saturday and Sunday afternoons.

This double feature of Rodeo and Rodeo contest will include performers of the F-Bar-M. In addition entries have been received from contestants who make the circuit of rodeos and compete for honors and prizes.

It has been said that the Racine County Fair promises to have the largest Farm Machinery show in Wisconsin. Livestock and farm exhibits and other attractions have made necessary the purchase of an additional 40 acres for parking.

State Treasurer Warren E. Wright to Dedicate Antioch's New Aqua Center Sunday Afternoon; Big Parade to Williams Park to Start at 3 p.m.

More Than 200 Enroll In Learn to Swim Class At Antioch Aqua Center

More than 200 swimmers are now enrolled in the Red Cross "Learn to Swim" program which began at the Antioch Aqua Center this week. The classes which will be held for four days a week (from Monday to Thursday) will continue for three weeks.

Although lessons began on Monday, Tuesday's classes were cancelled because of bad weather. Makeup sessions for classes missed because of weather conditions will be held on Fridays. Station WKRS will carry pool announcements, in case of bad weather, on its 8 a. m. news and weather show.

Schedule of classes each day is as follows:

9 a. m. Life-saving and intermediate class
10 a. m. Swimmer and beginners classes 3, 4, and 5.
11 a. m. Beginners classes 1 and 2.

Information may be obtained by phoning either the pool (1162), Pool Director Warren Polley (962), or Assistant Director, Lawrence Leon. (490R).

This week's pool improvements include the laying of sod on the north and east side of the pool, and the oiling and sealing against dust of the parking lot and the one-way road running past the pool.

Funeral Services For Mrs. Augusta Allen Held Here Yesterday

Funeral services were held at 2 p. m. (CST) yesterday at the Strang Funeral home for Mrs. Augusta Allen, 83, of Rte. 31-Kenosha, Wis., who died Monday at the home of her son, Leslie Allen in Harvard, Ill., after a long illness. Burial was at Salem Mound cemetery, Salem, Wis.

Mrs. Allen was born in Pomerania, Germany, Oct. 5, 1873, and came to the United States when she was 11 years old. She lived in Bristol, Wis., where she married Nathan S. Allen. He preceded her in death.

She spent most of her life on farms in Kenosha county, and held membership in the Genoa City Congregational church.

Surviving Mrs. Allen are four daughters, Mrs. Emily Horning, of Jamestown, Ind.; Mrs. Cora Cannon of Waukegan; Mrs. Ruth Edwards of Milwaukee; and Mrs. Gladys Bauman of Merrill, Wis.; seven sons, Ray of Kenosha, Leslie of Harvard, Russell of Watford, Wis., Elden of Zion, Glenn of Lake Geneva, Wis., and Eugene of Kenosha.

She also leaves a sister, Mrs. Lena Martinson of Colon, Mich.; two brothers, Fred Paasch of Lake Villa and William Paasch of Kenosha; 40 grandchildren and 29 great-grandchildren.

File Petitions Asking End to Tax Collectors

Petitions with approximately 6,000 names have been received so far by County Clerk Garfield R. Leaf asking a referendum on elimination of town collector.

A total of 6,520 names are necessary and approximately 200 copies of the petition are still out, Leaf said.

If the petitions are presented at the next meeting of the Board of Supervisors the proposal can be placed on the November ballot. The meeting will be held on Aug. 10.

Monday Was Coldest July 30th in 67 Years Roy Kufalk, Antioch's Weather Recorder Reports

The coldest July 30 in 67 years was reported by Antioch's cooperative weather observer Roy Kufalk Monday.

The mercury got down to 51 degrees which is too cold for any Illinois village in July, the month in which people are expected to sweat unless they are near a lake.

Elsewhere in Lake county the temperature did not get so low, but Antioch drew a low that was comparable with central Wisconsin points.

The rain clouds visited Antioch more often during the month of

Three Bands to Participate In Parade on Main Street; Concert at Swimming Pool

Professional Divers and Swimmers Will Stage Exhibition

With State Treasurer Warren E. Wright as speaker, the Lions Club will dedicate Antioch's new \$80,000 Aqua Center Sunday afternoon at Williams park.

A huge parade, aquatics by professionals, and a program in connection with the dedication are expected to attract a large crowd to the new swimming pool which recently was constructed for public use.

A.T.H.S. Summer Band Gives Outdoor Concert; Booster Meeting Later

Antioch Township High School's Summer Band will present their second outdoor concert Monday evening, August 6, at 7 p. m. on the high school grounds. Following the concert, the music boosters group will meet in the high school cafeteria.

Purpose of the music boosters meeting will be to adopt a constitution and to elect officers. All parents of high school music students and any others interested are invited to attend. John Romer will be chairman pro tem.

Featured at the concert will be the selections which the band will play at the state fair and at the Chicagoand Music Festival. Miss Beverly Hamf will be soprano soloist, and a trumpet duet will be presented by David Cain and Jay Cribb.

Band selections at the concert will include:

Ippolitov-Ivanov: Caucasian Sketches
Masters: Overture, On a Mountain Top
Hansen: Overture, Cathedral Canyon
Gliere: Russian Sailors Dance
Whitney: Overture, Dorian
Grofe: A Salute to Grofe
Osterling: Nutmeggers March
Akers: March for a Festival
Sousa: March, El Capitan

Antioch Township Tax Bills Mailed Tuesday, Collection in Progress

That sober look on the faces of Antioch Township property owners may be the result of the tax bills that were sent out through the mails Tuesday.

An estimated 15,000 statements were mailed to residents of the village and Antioch Township by Collector John L. Horan. This number was in excess of 1,000 of the number sent out last year, and testifies to the growth of the community.

Many are finding their bills a little higher this year depending on the particular units of service listed but on the other hand some are finding them lower because of no gravel tax. Statements are separate as to real estate and personal property.

Collector Horan said that his deputy, Carolyn M. Horan, will be at the Antioch banks the following days to receive payments up to and including Sept. 1.

Today until Aug. 12 at the First National Bank of Antioch; Monday, Aug. 13 to Aug. 18, State Bank of Antioch; Monday, Aug. 20 to Aug. 25, First National Bank; Monday, Aug. 27 to Saturday, Sept. 1, State Bank.

The parade for which John Dupre is marshal, will start from the Antioch Township High school at 3 p. m. and go directly to the Aqua Center.

Heading it will be the American Legion and Veterans of Foreign Wars color bearers, village and township officials, and the U. S. Army Reserve band of Lake County under the direction of Sgt. Mayfield.

Interspersed between two series of floats and community organizations will be the Bristol Community Farmers' band and the Antioch Township High School band.

Firemen, with their equipment, the Antioch Rescue squad showing for the first time its new truck, and police in their squad cars will be in the parade.

Prepare Many Floats

There will be many beautiful floats. Antioch business men are making special effort to prepare floats for the occasion and there will be floats from other communities, among them one from Abbott's.

The line of parade will be directly to the Aqua Center passing from Main st. through the grounds and out through the Williams st. entrance.

At the park, the first number on the program will be the raising of the new flag presented by the American Legion. Combined bands will play the Star Spangled Banner.

A concert by the Antioch Community band will be given from a bandstand within the enclosure of the swimming pool.

Professional Divers to Perform

The Aquatic Collegians, four men and two girls, who were formerly college swimming stars, will present a program of expert diving and swimming during the next half hour.

The dedication program will start at 5 p. m. with Loren D. Sexauer serving as master of ceremonies. He will introduce Mayor James McMillen who will give the welcome address.

Dr. G. W. Jensen, president of the Antioch Lions Club Community Service Corp., an independent organization set up by the service club to promote and build the swimming pool, will give a history of the pool. He will introduce officers of the corporation, William Brook, vice president; Howard Gaston, secretary; and Norman S. Jedele, treasurer, and the directors K. F. Dietrick, C. R. Keulman, Dr. J. W. Kopriva, Edward J. Kugle, Homer LaPlant, Atty. Ted C. Larson, and Dan Lightsey.

Present Donor of Park

Next in line of introduction will be William Schroeder whose family gave to the village Williams Park in which the pool is situated. State Representative William Murphy of rural Antioch, also will be presented.

Sexauer will then introduce State Treasurer Wright who will give the main address.

The program has been planned and arranged by a committee comprising John L. Dupre, chairman; Edmund and Roman Vos, Charles R. Keulman, Harold Cardiff, and Howard Gaston.

Treasurer Wright will be accompanied by Mrs. Wright, and they will be dinner guests of Mr. and Mrs. Edmund Vos.

Girl Awarded \$150

Helen Herman, young daughter of Mr. and Mrs. Albert Herman of North Ave. received the \$150 given this week by Reeves Drug Store. It was one of the largest amounts ever given by the store in its daily award. The drug store has an arrangement by which persons register on a card which is placed in a receptacle. A drawing is held daily and if the card drawn contained the name of a person who has registered that day that person gets the cash award. If the person has failed to record his name, the amount is added to the next day's award. No purchase of any kind is required which removes the transaction from a classification of lottery which prohibits publication.

Figure Fashions

by Nancy Paige

A cool and comfortable choice for Summer sportswear is this breezy-light Skippies brief of elasticized net in white or pretty pastels. Teamed with it is a Life Romance bra of cotton batiste, circle-stitched with nylon-braid inside the cup to give and keep a wonderful shape. Center elastic section allows freedom of action.

The call of the great outdoors is irresistible with the arrival of summer. The beaches, tennis courts, golf courses and backyard barbecues beckon on weekends and vacations.

City dresses, hats and gloves are quickly shucked for shorts, skirts and sandals. And, of course, the switch to casual sportswear calls for a different type of foundation—wear with the emphasis on coolness, comfort and freedom of action.

Formfit has the answer to your summertime needs—bras of cool, absorbent cotton, artfully designed to stay in place through the most vigorous game of tennis; comfortable, shapely strapless bras, both long and short, for wear under sundresses and scoop-neck cottons; lightweight girdles and pantie girdles that provide a maximum of comfort and freedom.

One of their newest panties is the breeze-weight Skippies sketched above. In sheer elasticized net, it has high-cut legs which makes it perfect for wear under even the shortest shorts. It comes in mouth-watering shades of pastel pink, blue, yellow or white; small, medium and large.

Food Sense—Not Nonsense

Enriched bread, like the vote getter above, is the winning contestant at the nation's popularity polls. Year after year in the competitive food field it is the people's choice. Breadmaking has moved from the home to commercial bakeries out of which daily move 40 million loaves.

Here, where the race is diverted among numerous attractive varieties of bread, the decisive vote is won by enriched white bread—the people's choice. The new publications of the United States Department of Agriculture, "Bread—Facts For Consumer Education," reports that 86 percent of the families purchased enriched white bread during an average week. Second contender, whole wheat bread is bought by 22 percent of the consumers and the group—cracked wheat, rye and raisin breads—comprises items selected by 29 percent of households.

Interested in the wide margin won by enriched bread, the Department of Agriculture surveyed families in a midwest town regarding their preferences for

different types of "panned" enriched white bread. In this four-way competition—texture, sweetness, fat and milk contents—the popularity poll was won by a very light, fluffy loaf made by increasing the volume as much as almost 50 percent. For another aspirant, sweetness, the highest level of sugar was preferred.

The third test determined liking for different amounts of nonfat milk solids in the loaf. These influence texture and taste. Out and ahead, were the usual loaf made with four percent milk solids and the one with eight percent milk solids. These were preferred over breads made without milk. The fourth issue concerned fat content. Bread made with larger amounts of this ingredient failed to win appreciable votes.

Spread Between Farm Valuation, Income Widens

NEW YORK—Farm income and farm real estate valuations, which normally show similar behavior patterns because of their intimate relationship, have been going separate ways for some two years, creating a paradox without counterpart in the records of agriculture.

Figures compiled by the U.S. Department of Agriculture show that farm income has been in a down trend since 1951. The decline in net farm income from then to date is around 30 per cent, though there have been some stabilizing tendencies recently. Farm real estate prices, by contrast, after a dip in 1953, have been moving up steadily since and are now at record levels on a national basis. The rise from the 1953 low point has been around 8 per cent for the United States as a whole, although substantially greater in a number of states.

The Department of Agriculture calls the duration of this divergence "a unique departure from the usual relationship between land values and farm income," and it emphasizes that the real basis for land values in the future, as in the past, must be the level that can be supported by long-term land earnings. For the time being, however, the usual rules prevailing in the land market seem to have been offset by a number of factors that have maintained the demand for farms despite the recent earnings trend.

The biggest single factor in the demand for farms has resulted from the revolution in agricultural production over the last decade and a half with the growth of mechanization and the introduction of new and more efficient farming techniques.

Rare Seal Often Pulls in Head

WASHINGTON—An animal that can pull its head almost completely into its neck—that's the Ross seal, rarest of all the seal family in the Antarctic. Collected by the Navy's polar expedition last winter, a frozen specimen of this unique animal recently arrived at the U.S. National Museum in excellent condition.

The seal—about 8 feet long—is a dweller exclusively on the drifting ice pack of the Ross Sea. So far as known it never comes on land or on the ice shelf. It apparently feeds almost exclusively on cuttlefish and squid, which are abundant in Antarctic waters. The nature of its teeth precludes the likelihood that it is a fish-eater.

It is yellowish-green on the underside and blackish-brown on the top, the fur often being marked with pale streaks along the sides. On the drifting pack it has fearsome enemies—notably the killer whale and the writhing snakelike sea-leopard, most savage of the seal family. This may account for the relative scarcity.

Those Under Retirement Incomes Increasing

NEW YORK—The number of persons 65 years old and over with some assured income for life under a public or private retirement program has doubled in the last five years and now adds up to more than half of the 14 million elderly part of the American population.

A large number of these lifetime income recipients is receiving retirement benefits from more than one source—for example, a private pension and Social Security. In many cases, too, these incomes are supplemented by returns from accumulated savings and investments. A substantial number of elderly persons in addition receives regular incomes under life insurance contracts.

While the great majority of private pension and retirement programs are relatively recent in origin, they are already making a decided contribution toward the financial independence of the older population.

New Rage in Old World Is Hillbilly Music

FRANKFURT, Germany—The old world is rocking these days to some genuine imported hillbilly music.

The American Forces Network puts on a show called "Hillbilly Gasthaus." Gasthaus is German for small hotel.

The program is so popular among Germans that a number of cafes have been renamed "hillbilly gasthaus." A.F.N. gets hundreds of letters from hillbilly enthusiasts. Many are American G.I.'s but quite a few are Europeans.

Polite Pickpocket

NOGALES, Mexico—Even the pickpockets were in a good mood during a festival at this town on the United States border, Hugo W. Miller reported.

A polite pickpocket stole his wallet, but, said Miller: "He even put down my pocket again after fitting my purse."

*(It's a great time
to buy a Buick!)*

Buick CENTURY
6-Passenger 4-Door Riviera

What does all this add up to for you?
Just this:

You couldn't pick a better time than *right now* to make a great buy on all this new Buick bounty. It's only midsummer—with your present car at its peak trade-in value. And our prices today are sweet enough to help keep Buick outselling all other cars in America except two of the well-known *smaller* cars.

So drop in on us today—or this week, at the latest—and we'll start things rolling for you in a great big way.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

AIRCONDITIONING
at a COOL NEW LOW PRICE
It cools, filters, dehumidifies.
Get 4-Season Comfort in your new Buick with genuine
FRIGIDAIRE CONDITIONING

WANT TO KNOW how to beat the calendar?

Then come drive a 1956 Buick—and get something you'll get nowhere else.

It's a new kind of blazing performance that breaks with the past and brings you today what other cars may offer in the future.

Only Buick, of all the world's automobiles, has Variable Pitch Dynaflo*—the one transmission which takes its cue from the variable pitch propellers of modern aircraft.

So here you get an exhilarating response from the first inch of pedal travel—with absolutely no pauses or lags—and with

the better gas mileage this low throttle range can provide.

Only here can you switch the pitch by flooring the pedal for a soaring burst of full power when safety demands it.

And only here can you have such years-ahead performance with the smart new beauty of Buick's sweep-ahead styling—with the new sweetness of Buick's great new ride—with the superb new surety of Buick's precise new handling.

SOCIETY EVENTS

Antioch Women Win 13 Ribbons at Show; Plan Splash Party

Thirteen ribbons were brought back to Antioch recently when the Garden Section of the Antioch Woman's Club entered the McHenry Garden Club's flower show entitled "Nature's Symphony." Mrs. John Wagner won two blue ribbons as she displayed bronze marigolds and a dried arrangement.

There were five second ribbons, three third ribbons and three honorable mentions. The club won a "second" for its arrangement in the "Memories" division. Exhibitors were Mesdames John Wagner, Dudley Kennedy, Clarence Spiering and J. Edward Dompke.

The Garden Club has planned a splash party on Aug. 13 at the home of Mrs. Joseph Patrisky, while the board of the Woman's Club has scheduled its next meeting for Aug. 20.

Legion Auxiliary Picks Convention Delegates

Three delegates and three alternates to the State American Legion Convention were chosen at last Friday's meeting of the Antioch Legion Auxiliary. Delegates to the convention, which will be held from August 2 to 5 in Chicago, are Mrs. Pearl Anderson, Mrs. Vera Horton, and Mrs. Lucy Himens. Mrs. Ellen Swenson, Mrs. Agnes Hills, and Mrs. Mary Ellis were chosen the alternates.

Antioch's Girls' Stater, Rosa Elena Mena, who was sponsored by the local Auxiliary unit, reported at the meeting on the week she spent at McMurray College attending Girls' State. While there, she was chosen State Central Committeeman of the third Congressional District. Rosa Elena has only been in the United States for two years, after living in Mexico, so she really appreciated this experience in seeing how our country is governed.

Mrs. Dorothy Horan, past president parley chairman of the Unit, announced last Friday that the next meeting of the Auxiliary will be the annual party for past presidents of the Antioch Unit. A pot-luck supper will be served at 6:30 p. m. on Friday, August 10, and all past presidents are especially invited.

Name New Boy Scout Lake Shore Dist. Executive

E. A. Schwechel, Scout Executive of the North Shore Area Council, announced that H. W. Peabody will join the executive staff on August 15 as district executive of the Lake Shore district.

Mr. Peabody is currently the district executive of the Southtown district in Chicago and has been in Scouting professionally since September 1950. He earned his Eagle Scout badge as a boy scout and the Scoutmaster's key as a volunteer leader. He served as scoutmaster of Troop 17 of Milton, Wis., from 1946-50. He is a graduate of Milton College and was in the military service in both World War II and the Korean war with the Marine Corps. Currently he is a member of Kiwanis International. He brings to the North Shore Area Council a broad experience which includes serving as district executive of three Chicago districts, camp coordinator, section program leader of the 1953 National Jamboree and has attended two Canadian canoe trips.

Mr. Peabody is married and has three children and plans to reside in Mundelein.

Mr. Peabody will replace Charles Gribble as district executive of the Lake Shore district; Mr. Gribble having been promoted to District Executive of the Northwest district.

Brush, Pallette Club Members Win Premiums at Fair

Two members of the Antioch Brush and Pallette Club exhibited paintings at the Lake County fair last week and came home with awards. Mrs. Pearl Powles received a first premium for her floral in Casein, and Mrs. Jacqueline Horton won a second premium for her farm scene in oils and a third premium for a still life in oils.

Club members are now working toward their first annual exhibit in September. Anyone interested in joining the group is invited to call either Mrs. Robert Bemis or Mrs. Frank Powles of Antioch.

Plan Salad Bar Luncheon

The Altar and Rosary Society of St. Peter's Catholic church will hold a meeting Monday, Aug. 6th, at 8 p. m. in the church hall. Final plans for the Aug. 15th Salad Bar luncheon will be discussed. Mrs. Edward Sletten is the hostess for the evening and helping her will be Mrs. Harriet Pirson and Mrs. Richard Huml.

Wins Ribbons for Canned Food

The grand champion ribbon for the best displayed canned foods at the Lake County fair last week was won by an Antioch woman, Mrs. Charles Paddock of Bluff Lake. She also won 11 blue ribbons in canned foods competitions.

J. Paddock, Red Wing Win Champion 4-H Horse Award Again!

For the second year in a row, an Antioch girl, Joanne Paddock, with her horse, Red Wing, has won the award for the grand championship 4-H horse at the Lake County fair. Joanne, who is the daughter of Mr. and Mrs. Charles G. Paddock of Bluff Lake, has raised and trained her six-year-old sorrel quarter horse ever since it was seven months old.

Besides winning the grand championship award in the 4-H section of the county fair at Grayslake last Saturday, Joanne and Red Wing also won two awards in the open class horse show at the fair. In the pleasure horse class, they came in second out of 17 horses. Out of 28 horses in the western pleasure class, they placed fourth.

But that is not all the Paddock girl won at the fair this year. Joanne's pony, Sugar, won a blue ribbon in the pony class.

Winning these ribbons and trophies was really nothing new to Joanne Paddock who has already been awarded three trophies and 17 ribbons during 1956 alone, and 11 trophies and approximately 30 to 40 ribbons in her three-year showing career. Next in line for Joanne and Red Wing is the Wilmet Horse Show during August.

Besides Sugar and Red Wing, a two-year-old pure bred Arabian is also in the Paddock stable; and Joanne is planning to train it for next year's show.

This 19-year-old equestrienne, who graduated from Antioch Township High School last year, says she just loves raising horses; her ambition is to become a riding teacher some day.

Grand Champion County 4-H Horse

Joanne Paddock of Antioch and her sorrel quarter horse, Red Wing. For the second year in a row, they won the grand champion 4-H horse award at the Lake County Fair.

Relatives Visit Two Antioch Families, Attend Wedding

Nine relatives from Illinois and Missouri spent the week-end with two Antioch families, the Robert Wiltons and the Charles Watsons. They were here to attend the wedding of Miss Vicki Joyce and Robert Charles Wilton on Saturday at the First Methodist church in Oak Park, Ill.

The guests were as follows: Mr. and Mrs. Victor White and Mr. and Mrs. Truman Dunham and daughter Marjorie of Pittsfield, Ill.; Emmett and Fern Carnes of Quincy, Ill.; Mrs. Wendell Gregory of Moberly, Mo.; and Earl Ross Tedrow of Kirkwood, Mo.

Millburn

Mrs. Frank Edwards, Correspondent
Phone Eliot 6-3323

Services at Millburn Congregational church August 5, will be only one service, at 9:30 a. m., and no Sunday school during the month of August. Mr. Lester Kretz of Zion, a representative of the Gideons will be guest speakers.

Millburn church held their 13th annual Home Sunday with about 144 present. Rev. L. H. Messersmith spoke on the subject "Awareness of God." Mr. Stanley Jack of Waukegan was guest soloist. After the service all enjoyed the pot-luck dinner which was held in the church dining room.

Baptismal services were held for Vicki Lynn Plotz, daughter of Mr. and Mrs. Vernie Plotz. Vicki was born May 21 of this year.

The Study Group met at the home of Mrs. L. H. Messersmith last Thursday morning. The next meeting will be held Thursday morning, August 9, at the home of Mrs. Vera Connerton at Mundelein.

Mrs. Eva Alling of Waukegan was a caller at the Frank Edwards home Sunday evening.

A public card party and bake sale will be held at the Masonic temple Saturday evening, August 4, at 8 p. m. All popular games will be played. Refreshments will be served.

Mrs. Howard Petty and daughters of Urbana spent a few days with her parents, Mr. and Mrs. Leslie Bonner.

Mrs. Florence Welch of Gurnee was a luncheon guest of Mrs. Charles Lucas Monday.

Mr. and Mrs. Warren Edwards of Indian Hill and son, Morris, who is home on leave from Germany, were

Drury-Drosen Rites Held on N. U. Campus

Miss Bertha Corrine Drury, daughter of Mrs. Bertha Drury of Antioch, became the bride of Mr. John Drosen of Salem, Wis., at a candlelight service on July 21 at Garrett Chapel on Northwestern University campus in Evanston. Rev. Swann officiated.

After a honeymoon trip to Niagara Falls, the Drosens have now returned home and will reside with the bride's mother in Antioch.

Jerry Schumacher Enlists
Jerry Schumacher, son of Mrs. Letha Schumacher of Antioch, has enlisted in the Army for four years and is now stationed at Fort Leonard Wood, Mo., where he is in boot training.

Local Jeweler Attends Convention
Among the retail jewelers attending the trade show and jewelers convention held in connection with the National Jewelry Fair in Chicago this week is Robert Jensen, owner of the Jewel Box, 906 Main st., Antioch.

The fair, which opened at the Conrad Hilton hotel last Sunday, brings thousands to Chicago each year more than eight thousand representatives of jewelry business, including about five thousand representatives from retail stores.

Plan Meeting Tonight
A meeting of persons interested in the formation of a class in this area for retarded children and those wanting to know about plans for the school will be held at 7:30 p. m. today at the Scout Home where members of the staff of the Retarded Children's Educational society will be present to answer questions.

Admit Six to Hospital

Six Antioch persons have been admitted to hospitals within the past week. On Thursday Fritz Ryberg was admitted as a medical patient to St. Therese, and Mrs. Josephine Wohlfeil was admitted for surgery.

Also on Thursday a son was born to Antioch parents, Mr. and Mrs. Charles Hull at Victory Memorial hospital.

Admitted over the week-end as medical patients at St. Therese were Mrs. Grace Linder and Frank Malva of Antioch.

Raymond Kirby and Ernest Clarke were both admitted as medical patients at Victory Memorial and St. Therese, respectively, on Monday.

C. of C. Sends Data To State Agency To Attract New Industry

O. I. Onstad, secretary of the Antioch Chamber of Commerce, has sent data on Antioch to a state agency set up to attract new industry to Illinois.

The agency, the Division of Industrial Planning and Development, was authorized by the Illinois General Assembly last year. Division Superintendent Fred R. Falkenstein has announced his office is negotiating with several firms interested in establishing plants in the state.

Antioch is among 250 cities which have supplied detailed information at the division's request. The division requested the data from 589 cities.

The information includes data on population, sources of labor, resources, electric power, fuel, government, municipal service, taxes, transportation, existing industry, industrial sites and buildings, schools, health and medical services, transportation and financial facilities, hotels, newspapers, zoning laws, airports and community attitude toward new industry.

According to Falkenstein approximately 130,000 copies of pamphlets listing the advantages for industries locating in the state have been put in circulation outside the state by the division.

Incorporation of Joe and Helen's Loon Lake resort as a social club under the name of Joe and Helen's Little Acres Key Club, a non-profit organization is reported from the Illinois Secretary of State's office. The procedure is now common among the tavern and resort owners of the area seeking to restrict patronage.

WANT THE TRUTH?

Up to 6,000 traffic-accident deaths this year won't be "accidents" at all!

Forty thousand Americans will die in traffic accidents this year, according to the present mounting rate. And nearly six thousand of those deaths will be crimes—because of driver negligence—according to the FBI!

HERE'S HOW YOU CAN HELP STOP THESE TRAGEDIES

1. Drive safely and courteously yourself. Observe speed limits and warning-signs. Where drivers are careful and obey the law, deaths go DOWN!
2. Insist on strict enforcement of all traffic laws! Wherever traffic laws are strictly enforced, deaths go DOWN!

Advise Farmers to Check Miller Act of July 22 If Users of Insecticides

Illinois farmers who use insecticides or insecticide-treated products are advised to inform themselves about provisions of the Miller Act, Public Law 518 (amending the Federal Food and Drug Act of 1938) which went into effect July 22.

Dr. George C. Decker of the Illinois Natural History Survey pointed out that the Miller Act affects dairymen, producers of beef cattle and general farmers.

The Miller Act provides for establishment of tolerances for residues of pesticides (insecticides, fungicides and herbicides) on raw agricultural commodities that move in interstate commerce. Under its provisions, the interstate movement of any raw agricultural commodity bearing an insecticide residue in excess of established tolerances would be illegal and the commodity subject to condemnation or other action.

"Since a farmer may not know in advance the ultimate disposition of a particular crop or commodity," Dr. Decker said, "it would always be wise to consider that it might move in interstate commerce."

Tolerances for most of the pesticides in common use have been established, and if a farmer carefully follows instructions and precautions on the labels he can be reasonably certain that the residues on his commodities at harvest time will meet tolerance requirements, Dr. Decker said.

Three State Agencies Set Estate Planning Meetings for Farmers

A series of meetings to answer questions on the problems of estate planning for farmers will be sponsored this fall by the Agricultural Association, the Illinois State Bar Association, and the University of Illinois, College of Law, spokesmen for these groups announced recently.

"Aim of the meetings is to bring to farmers information concerning problems of estate operation, succession, and taxes so that the farmer will be better able to plan for his own and his family's future," according to George E. Merker, Jr., IAA associate counsel, who will be in charge of the program for the Association.

Some 59 County Farm Bureau organizations will sponsor meetings on estate planning, Merker said. The IAA is the statewide Farm Bureau organization. The meetings will be held December 4, 5, and 6.

At the sessions, Merker explained, prominent lawyers will lecture on the problems of estate planning and then answer farmers' questions on the subject. The attorneys will be selected by the Illinois State Bar Association.

On Nov. 2-3, the U. of I., College of Law, will hold a course for lawyers in estate planning aimed at farmers' problems. This will give lawyers latest information on planning estates for rural residents, Merker said.

Farmers attending the county meetings also will be given a handbook on estate planning, he stated. The booklet, written by Prof. J. Nelson Young, U. of I., College of Law, is being published by the IAA, Bar Association, and College of Law.

"Farmers will want to attend these meetings," Merker urged. "They'll get the facts on a vital subject."

Red Cross Announces Special Training for Water Safety Aides

The Lake County Chapter of the American Red Cross today announced that a special training course, for water safety aides, will be held at Artemis Park Pool, in Round Lake the week beginning Aug. 6.

Classes will be conducted from 9 a. m. to 12 noon, through August 10, and anyone between the ages of 14 and 18 eligible to become an aide, is urged to take advantage of this program.

The Pool is being donated by Mr. C. F. Clausen, owner, for a training program only. Therefore, to take adequate advantage all persons interested should immediately get in touch with the Chapter, ON-2-4044, Waukegan.

There is no charge for the instruction which is sponsored by the Lake County chapter.

Address Was Wrong

The change of address recently given for Mrs. Edward Jahneke was incorrect as she has never been moved from Third Floor North of the Illinois Institute of Research at 912 South Wood st., in Chicago. Mrs. Jahneke has received her mis-addressed mail, but with delay. More than 400 pieces of mail have come to her and brought cheer since her hospitalization in early summer.

Speed Boat Races Planned

Speed boat races are planned for Sunday, Aug. 12 at the Waltonian Hotel on Fox Lake.

Motorcyclists Hurt

The Antioch Rescue squad gave first aid to an unidentified motorcyclist who received face and arm injuries in an upset. He was treated by an Antioch physician. He gave his home as Lake Villa.

U. S. Women Workers Grow in Importance

One-third of all the people holding jobs outside of the agricultural field are women—more than 19 million of them. The number of women working as a percentage of total workers has shown an almost continuous uptrend, the National Association of Manufacturers reports.

The bulge in the trend line in the early Forties was primarily the result of the great influx of women into industrial jobs during the war. The total number of people at work changed little in that period, but as men were inducted into the services, women replaced them to produce military goods. It is interesting to note that after the war the percentage of women workers to the total did not decline to the pre-war level. Moreover, since then the percentage has grown.

Figures for the current year 1956 show that nearly 32 per cent of the women employees are engaged in clerical work and about 20 percent are operatives, craftsmen, foremen, etc. Better than 13 percent are service workers outside the home and 11 per cent are employed in private households. Professional and technical women also total 11 per cent. Less than 8 percent are engaged in sales. Almost 5 per cent are managers, officials, proprietors and the like, while at the other extreme, less than half-of-one per cent are classified as laborers.

The high proportion of employed women has an important bearing on various problems such as family income, personnel policies, pensions and social security.

HEALTH TALK

Fight That Fly!

Possibly you've been annoyed when a fly seeks you as a special friend, hovers around your head, sits on your hand, or buzzes about your room. Annoying, but harmless, you think. But did you know that the common house fly is a carrier of disease and capable of transmitting numerous conditions including typhoid fever, dysentery, cholera, diarrhea, tuberculosis and food poisoning, the Educational Committee of the Illinois State Medical Society asks in Health Talk.

Flies are a public nuisance and a menace to health. They are filth-borne, deriving their nourishment from contaminated food and water. Flies multiply rapidly, but they need moisture to breed. Fresh manure is their favorite hatching place. Another is fresh grass cuttings.

Once born they fly to all the spots where there is an accumulation of filth. Garbage is their delight, as is any polluted or waste material that is excreted by human beings and animals.

The fly is a hairy little creature. As it feeds, the contaminated matter clings to the hairs. Wherever the fly lights, it leaves bacteria-infected deposits in the form of fly specks.

Germ-laden fly invades the home, picnic grounds, schools, restaurants, privies and other places, dropping its filth on eating utensils, exposed food, and teething rings. And thus the bacteria find their way into the human body.

What can you do about this pesky carrier of disease? Since sanitation is the chief factor in eradicating the fly, don't invite the pest into your home by leaving your windows unscreened. If one does enter, don't ignore it. Use action—swat that fly.

Fly control is not just a community problem, it is one for every individual, because one unclean person through poor hygiene and sanitation can be a source for a whole new family of flies.

Trash, garbage and other refuse should be wrapped firmly in newspapers and placed in disposal containers. Then the cover should be secured tightly so that flies and other insects can't work themselves inside to feed. And after the garbage is collected, the can should be washed.

Don't leave food uncovered. And don't have unwashed dishes and cooking and eating utensils lying about. This unsanitary practice is natural bait for the pesky carrier of disease.

The use of insecticides has not been completely effective in fly control. DDT, for example, one of the most potent germ killers, is not the answer to the fly problem although it has helped in some instances. And caution should be exercised in the application of insecticides. Many are safe, but some are harmful.

Do your part to prevent the disreputable fly problem although it has helped in some instances. And caution should be exercised in the application of insecticides. Many are safe, but some are harmful.

Lake Shangrila Man Ill

James Durante of Lake Shangrila was taken by the Antioch Rescue squad to Victory Memorial hospital in Waukegan Sunday after he had suffered a stroke. Mr. Durante is a resident of Chicago but spends his summers at the lake.

Thank You

We would like to take this opportunity to thank everyone who gave so freely of their time and assistance towards making our second annual chicken barbecue a wonderful success.

The Grass Lake Scout Home Group.

This WEEK'S U of I MARKET BUY

For more market tips and food information write:

UNIVERSITY OF ILLINOIS
Consumer Service
160 N. LaSalle St., Chicago 1, Ill.

Beef and lamb items increase in price. Fresh pork cuts drop some. Veal improves in value on a steady market. Poultry and eggs continue at last week's levels of supply and price. Local vegetables and increased potato shipments continue to improve as value buys. Continuing wave of manufacturer and packer price promotions can lower budget costs of groceries.

MEATS

PORK: Picnic hams; loin or rib roasts; fresh Boston butt roasts.
BEEF: Round steak; blade pot roasts; short ribs.
VEAL: Rump roasts; leg roasts.

POULTRY: Fryers; stewing hens; small turkeys.
Sweet corn—lettuce—tomatoes—celery—snap beans.

VEGETABLES

FRUIT

Plums—peaches—bananas—blueberries.
Based on market survey for July 30-August 4.

PREVIEW OF LICENSE PLATES

Secretary of State Charles F. Carpenter shows a sample license plate done in the 1957 color combination of red and white to Dr. Chris A. DeYoung, center, executive secretary of the Illinois State Normal university centennial committee and head of the university's department of education and psychology, and Dr. Arthur H. Larsen, acting president of the university. Red and white, the university's colors, were chosen for the 1957 plates in honor of the school's centennial next year. Illinois State Normal was established by the General Assembly on February 18, 1857, the first institution for higher education authorized by the State of Illinois. The license plates will have a red background and white numerals.

Jerry Lewis Wins Snickers Award

Five of the nation's top comedy personalities have been chosen as winners of the 1956 Annual Snickers Awards for their contributions to the advancement of comedy, according to George Q. Lewis, Director of the National Laugh Foundation and Chairman of the Snickers Awards Committee.

Winners were chosen in various categories. From the Broadway stage, Miss Nancy Walker of the hit show "Fallen Angels" was named for her outstanding humorous characterization on the stage. Jerry Lewis was honored because of his creative comedy antics on NBC television. Goodman Ace the writer of the Perry Como NBC television show was cited as the comedy writer of the year.

Art Carney, of the Jackie Gleason "Honeymooners" CBS television program, received his award for his comedy supporting role on the show. George Gobel received his commendation for his contribution to motion picture comedy in the Paramount Pictures film "The Birds and the Bees".

Here are Jerry, his partner Dean Martin and "Sergeant Bilko", Phil Silvers.

SMITTY..... by Berndt

Deep Lake

Mrs. Millie Luehr, Correspondent
Eliot 6-4946

Mrs. Paul Schultz, Pat Tiffany, Adare Mahr, Leona Maley, Jo Heiss, and Millie Luehr attended a card party and dairy lunch given by the Lake Villa church at Lake Villa School gym last Wednesday.

Thursday Mrs. Millie Luehr was a guest of Mr. and Mrs. Ben Feldman at the Arlington Race track.

Saturday Mr. Ralph Sanders and his daughter Jean celebrated their birthdays followed by a dinner on Sunday for the family.

Mr. and Mrs. Art Sletten are back home from Minnesota.

Mrs. Pat Stark of North Chicago and Mrs. Rosette Vaicy of Waukegan were dinner guests of Mrs. Leona Maley and Mrs. Ann Christiansen last Monday.

Mrs. Millie Luehr, Mrs. Clara Gelsen, and Mrs. Hildore Nijkolm of Chicago were guests at a luncheon given by Mrs. Florence Larson of Crooked Lake, Canasta followed. Edna Stevens dropped in later; she was a dinner guest.

Carol Tiffany from Van Nuys, Calif., is coming to visit her mother, Mrs. Paul Schultz and her daughter Pat who is staying with the Schultzes for the summer.

Mr. and Mrs. Drummond and Lorna and Freddie from Long Island, N. Y., were guests of Mr. and Mrs. Verne Olsen for the past week. On their way home they plan to stop at Toronto, Canada.

JOHN MATTEONI, 17, ENLISTS IN MARINES

John R. Matteoni, son of Mr. and Mrs. Peter J. Matteoni of 1098 Victoria st., Antioch, has become a private in the Marine Corps after enlisting last week, for three years. Matteoni, who is 17, was a junior at Antioch High School last year.

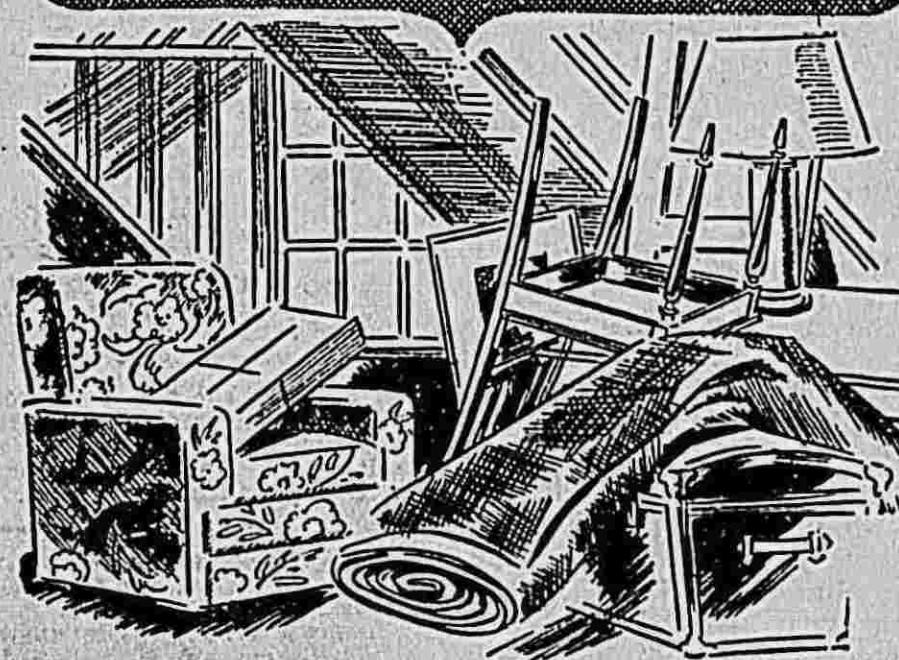

While in the service, his address will be as follows: Pvt. John R. Matteoni, Platoon 2020, Marine Corps Recruit Depot, San Diego 40, California.

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by: REEVES DRUG STORE, Antioch, Ill. Mail Orders Filled

YESTERDAYS

Weather helped make a lot of news back in 1933, as it does today. In February of that year, a cold wave struck with temperatures as low as 32 degrees below zero here in Antioch. The cold and heavy snow delayed trains and closed classes at both the high school and grade school. A shovel brigade was lead up and down Main st. until every merchant had his walk shoveled.

In March of the same year a sleet and rain storm covered roads with ice, blew down trees and telephone poles and left Antioch without power for 24 hours.

Another subject of much acclaim in 1933 was the end of prohibition on beer. The following story appeared in the News in April:

"The long-awaited golden flood of legal beer due to be loosed in the nation on Friday has turned to dross in Illinois and the ambitious men who rushed into the beer distribution business at first sign of legalized beer are today talking about bottled beer delivered to the home bearing a price tag of near \$3 a case while the foaming steins dispensed at restaurants and taverns will cost probably 20 cents, 25 per cent higher than the established boot-leg prices."

On the same subject, another News story appeared later in the year about the amazing prospect of selling beer in cans. "Here's a new one! Beer in sealed tin cans—the kind you buy food in at the groceries... cans of beer may become a reality in the near future."

Nineteen thirty-three was the year that city sticker licenses replaced metal tags, that the National Tea Co. and Strang Funeral Home expanded their businesses, and the volunteer firemen scrubbed and painted the Village hall at their expense.

For the high school age, the Junior Class Play in 1933, "Girl Shy" was put on at double performances and with a double cast. Paul Zeien and Clayton Bartlett shared the starring role as the girl-shy hero at alternate performances. The grade school band students gave their second annual concert that year and the profits went toward the purchase of a bass horn.

A gigantic water and land sports event, the "Regatta of Youth," was held in May of 1933 and included a kite-flying contest. The Antioch News gave out 1000 kites to local boys and girls and then offered \$2 for the first team of three boys or three girls who could keep this official kite in the air for 24 hours or longer.

In the line of Society Events from that year, Mrs. John Horan was elected president of the Woman's Club at their annual meeting held at the Edmund Vos home. Other officers elected were vice president, Mrs. Clarence Crowley; secretary, Mrs. William Anderson; corresponding secretary, Mrs. Vos; and treasurer, Mrs. Ben Burke.

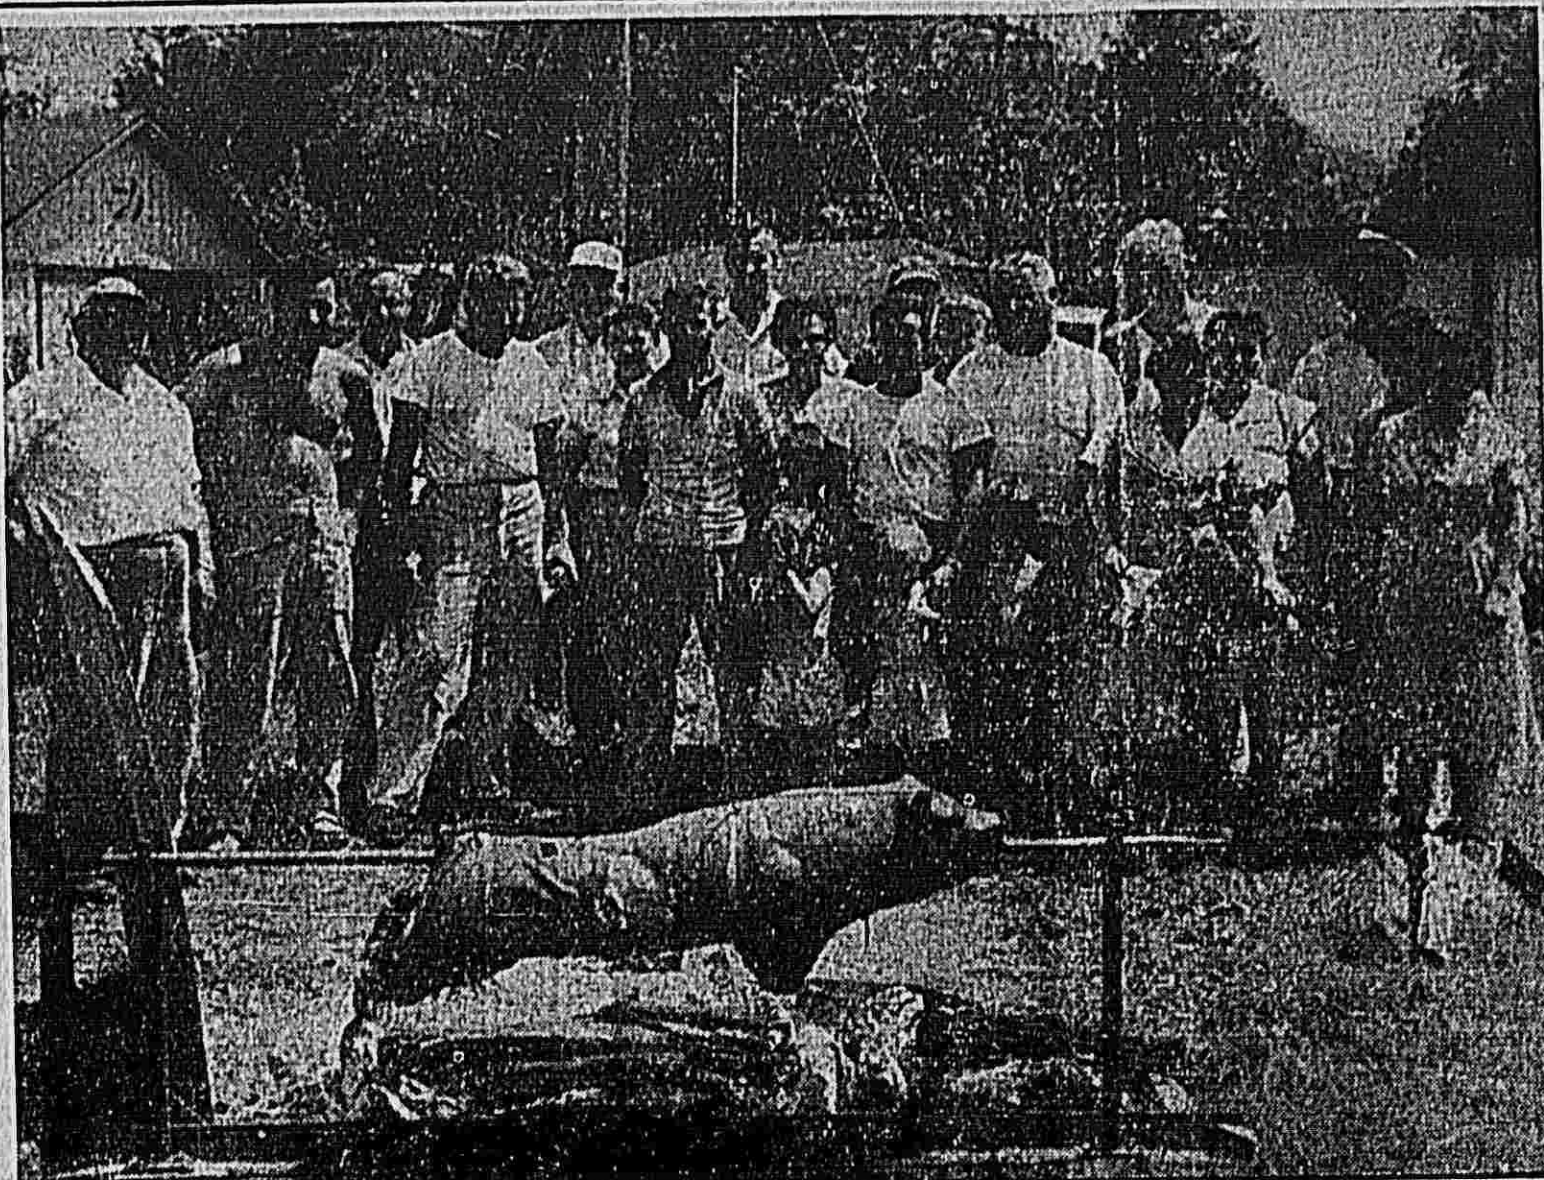

Mr. and Mrs. Arthur Trieger entertained three tables of bridge at their home one evening, and honors were won by Arnold Bushman, Lester Osmond and James Dunn.

A pop corn ball party was held by Mrs. B. F. Burke for her son, Bobby and his friends. "Making pop corn balls and playing games kept the guests busy. Those present were Wendell and Harry Nelson, Jimmy Maplethorpe, Betty Lu Williams, Mary Lou and Rosalee Sibley, and Harold and Robert Gaston."

An item from the Fashion Previews column showed that fabric gloves and slipcover purses, which could be made at home, were quite the style in 1933. Another stylish idea was "Burnt ostrich feather trimming in bands 10 inches deep in black and in white, to trim capes, cuffs, and flounces for dancing or dinner frocks."

1933 was also the year that two travelers from St. Wayne, Ind. roller skated to Antioch—over 150 miles.

Fox River Spring Subdivision Has Barbecued Pork

More than 300 residents of the Fox River Springs subdivision of Antioch Saturday afternoon and night enjoyed a barbecue pig party and dancing. Members of the committee in charge of preparations are shown above with some of their children. They are: (not in order named) John Wendt, James Rosenborn, Gene

Wiecek, Jim Olson, Mrs. John Geary, Jerry Medel, Mr. and Mrs. J. N. Brown, John Graup with daughter and sons, Mr. and Mrs. Bill O'Connor, Bill Mistka, Mr. and Mrs. Weirick, Mr. and Mrs. Dave Jorgenson and children, Mrs. Elwin Huckstadt, Albert Bauer, Mrs. Edward Mueller and Mrs. Thomas Clifford.

Through the Oven Door
by your
Ceresota
REPORTER

Like your pie crust extra crisp?

Just when the pie is ready for the oven, try brushing the top ever so lightly with cold milk.

Salt and shortening. If you use vegetable shortening where the recipe calls for butter, add a pinch of salt to make up for the amount you would have had with butter.

Many people ask us how we can call Ceresota flour UN-BLEACHED when it is so snowy WHITE. The answer is: Ceresota is NATURALLY white, because it is never rushed out to stores immediately after milling. Unlike bleached flour, Ceresota is allowed to take its own sweet time to mellow and take on natural whiteness in its own good way. Of course, this requires more storage at the mills and costs more. But you pay no more. And the difference in baking (and eating) qualities is well known to every Ceresota user.

Easy way to remove food particles from rendered fat. Just pour small quantity of cold water on it. Food particles sink to bottom, fat rises to top as it cools.

And now how about a cake recipe that really invites you to get out in the kitchen and let yourself go? Here it is—tested, proved, and every bit as good as it sounds.

GOLDEN GATE CAKE

Ingredients: 2 cups sifted unbleached Ceresota flour, 1 tablespoon baking powder, 1 teaspoon salt, 1 1/2 cup sugar, 1/2 cup shortening, 1 teaspoon vanilla, 2 eggs, 1 cup milk, 3 tablespoons margarine, 2 cups sifted confectioner's sugar, 1/4 cup orange juice, 1/4 cup coconut. Directions: Cream shortening and sugar until light and fluffy; add 1 egg and cream well. Add second egg and cream until light and smooth. Sift flour, baking powder and salt together. Add vanilla to milk; add 1/4 of sifted dry ingredients and blend until batter is smooth; add 1/4 of liquid and blend in continue adding flour and milk alternately 1/4 at a time until all ingredients are blended and batter is smooth. Pour batter evenly into lightly greased and floured pan or pans. Bake in 350 degree oven for approximately 30 minutes. When cool, frost with Orange-Coconut Frosting: Cream margarine until soft; add sugar gradually thinning with orange juice to spreading consistency. Beat until smooth; blend coconut into frosting.

POUND CAKE

Ingredients: 2 cups sifted unbleached Ceresota flour, 1/2 tsp. salt, 1 cup butter or other shortening, 1 cup sugar, 5 eggs, 1 tsp. grated orange rind. Directions: Sift together flour and salt. Cream shortening, add sugar gradually. Cream until fluffy. Add the eggs, one at a time, beating well after each. Add orange rind; sifted flour and salt. Beat until smooth. Bake in a greased and floured loaf pan (9 x 5 x 3 in.) at 325 degrees for about 1 1/2 hours.

Open Evenings and Sundays

Lake Villa

Mrs. Fred Bartlett, Correspondent
Tel. Elliot 6-4454

The Annual Vacation Church school will be conducted from August 13 to August 24, Monday through Friday, from 9 to 11 a. m. and will be for children from three years through eighth grade.

Mr. and Mrs. Henry Jarvis were visitors at the home of Mr. and Mrs. Chris Jensen of Kenosha.

Mr. and Mrs. Frank Slazes and family are spending their vacation in Arkansas at the home of Mr. and Mrs. Gus Swanson, formerly of Lake Villa.

On Friends night held by Baine Chapter 431 Mrs. H. Emmerson was escorted to the East by her cousin, Paul Wirloldt. All funds raised went to the polio fund.

Mrs. Helen Emerson and Dorothy Emerson spent three week-ends at Hines hospital.

Mrs. Helen Emerson and Dorothy spent a day at the La Grange Masonic Orphanage sewing and mending. The orphanage plans a new addition in the near future.

Mr. and Mrs. Alfred Hanson and Mr. and Mrs. Sylvester MacDonald left Sunday for two weeks vacation. They will visit the Black Hills, South Dakota, Montana, Washington and Wyoming.

Mr. and Mrs. Bernard Schneider and family spent the week end at the Dells in Wisconsin.

Mr. and Mrs. Howard Schneider and daughter Patricia, Howard Schneider, Jr., Judy Schneider, and Gordon Blumenschein, Jr., are vacationing in Canada.

Helen Fish and Matilda Bartlett were Waukegan visitors Friday.

Mrs. Lela Barnstable left Thursday for a three weeks stay in New York, visiting the Joseph Botts family.

Mrs. Cecilia Blumenschein entertained the Canasta club at her home Tuesday. Out of town guest was Marjorie Helm of Waukegan.

Kenneth Blumenschein drove his father, Clarence, to the Glenview Airport to see his son, Wesley, who was on a plane stop enroute to his home in Cronicle, Va.

Mr. and Mrs. Clifford McCarthy and family are vacationing in Wisconsin this week.

Debbie Beiser, daughter of the Nathan Beisers of Cedar Lake, rd., was honored at a lawn party Saturday on her seventh birthday. Games were played and refreshments were served.

Among the guests were Dickie, Rickie, and Roddie Beiser, Susy and Corky Sherwood, Bonnie Lajoie, Marjorie Madsen, Marybeth, Bob Michael, and Terry Vaughn, Susan, Sally, and Sherree Brewer, and Jerry Wiersbowski.

Hickory Corners

Mrs. Wm. Thompson, Correspondent
Tel. 583W2

Mr. Curtis Wells, who came home from the hospital last week after a serious illness, has been wondering who would thresh his oat crop. Last Sunday his sons and sons-in-law, and even his oldest grandsons came and held a threshing bee on his farm. The wives came along and prepared the dinner for the men and they all enjoyed the day together. By nightfall the oats were threshed and in the bin and even the straw was baled.

Mr. and Mrs. Dean Weber and son, from Endicott, N. Y., were dinner guests at the Wilson King home on Monday, July 23.

Mr. and Mrs. Joe Sheehan and family called on Mrs. Ruby Sheehan in Waukegan Sunday afternoon.

Mr. and Mrs. Curtis Wells and their house guest, Mrs. Stevenson from Canada were Sunday dinner guests at the home of Mr. and Mrs. Rod Ames.

The L. C. Dean family of Chicago were Sunday supper guests at the Oscar Finkel home. Mrs. Sarah Finkel who has been visiting here for the past two weeks returned home to Chicago with them.

Mr. and Mrs. Fred Leable visited Mrs. Ethel Bennett in Kenosha Sunday afternoon and were her supper guests.

Hart Webb of Kenosha visited Curtis Wells on Thursday afternoon. Mr. and Mrs. R. C. Bishop and Mrs. Grace Turnock of Kenosha also Mrs. Georgia Scoville of Dousman, Wis., were Tuesday visitors at the E. W. King and Harrie Tillotson homes.

Lt. and Mrs. Russell E. Hunter and children of Great Lakes and

the Eddie Van Patten family and Mr. and Mrs. Wilbur Hunter and son, Jerry, enjoyed a picnic dinner together at the Bill Gerber home in Antioch on Saturday.

Harold J. Thompson of Zion, was a supper guest at the Will Thompson home on Sunday.

Mrs. Wilson King and children were supper guests at the home of Mr. and Mrs. Homer Toft at Antioch on Thursday.

Mrs. Emmet King was a dinner guest at the home of Mr. and Mrs. R. C. Bishop in Kenosha on Thursday. Other guests were Mrs. Grace Turnock and Mrs. Georgia Scoville.

Mrs. Will Thompson and Helen called on Mr. and Mrs. O. L. Hollenbeck Sunday afternoon at Millburn.

Mr. and Mrs. Wilbur Hunter and son, Gerald, were Sunday dinner guests at the Bill Gerber home in Antioch. Pfc. Gerald Hunter left on Tuesday morning, July 31, for Chestertown, Maryland, after a 10-day leave at his home here.

Mr. and Mrs. Curtis Wells and Mrs. Stevenson accompanied Mrs. Andy Magiera and son, Glen, to the Lake County fair on Saturday afternoon.

Judith Van Patten visited relatives at Great Lakes the first part of this week.

Why is her kitchen 10 degrees cooler?

SHE HAS A MODERN electric RANGE!

Turn on the oven for a couple of hours in the average kitchen on a hot summer day. What's cooking? You!

But not if you have a modern electric range. Because it keeps the heat in the oven where it belongs, an electric range will keep your kitchen about 10 degrees cooler.

Of course, you'll enjoy electric cooking for other reasons. It's twice as clean as any other way to cook. And today, *nothing* cooks faster than the new high-speed electric surface units.

See the 1956 electric ranges at your electric appliance dealer's now. You'll see models with built-in rotisseries, smokeless broilers, thermostatic controls and automatic timers. Find out how little it costs to own a modern electric range.

Big saving—we pay part of your range installation cost

Need modern wiring? We share the cost with qualified home owners in 1, 2 and 3-family dwellings.

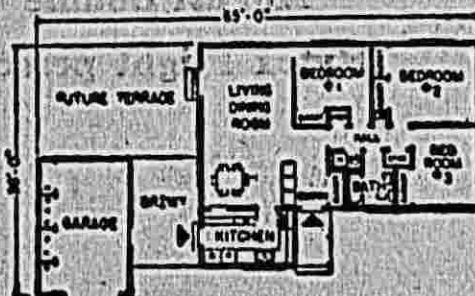

And you get more than a money saving!

Modern wiring helps improve your TV picture, brightens lights, makes everything electrical work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply. The Share-the-Cost Plan is available on terms of up to 2 years.

Design No. 6120

Designed for
Indoor-Outdoor Living
with sheltered
breezeway and terrace

● This new addition to our Weyerhaeuser 4-Square Home Building Service has many special features—developed by professional designers for pleasant living. The large breezeway, for example, can be an outdoor living room . . . the spacious living room has a wall of glass overlooking the terrace . . . the attached garage includes convenient storage space . . . the efficiently arranged kitchen has a pass-through to the dining area.

Come in soon and see complete plans for this charming, modern "no-basement" home—plus scores of other homes—colorfully illustrated in our 4-Square Home Building Service portfolio. There are styles and sizes to suit every preference. Blueprints are available for each design.

Capuchin Monkey Best at Bluffing, Showing Off

WASHINGTON, D.C.—Bluffer of bluffers is the white-faced capuchin monkey which lives in troops on Barro Colorado Island, the Smithsonian Institution's tropical preserve in the Panama Canal Zone.

Safe in the treetops, where it is one of the most accomplished of gymnasts, one of the creature's favorite sports is to throw sticks, nuts and fruits at human visitors on the ground. Meanwhile it makes threatening gestures and seizes branches which it shakes violently with both hands. Sometimes it stands with head down and tail up, the white ruff around its neck spread so that it appears about twice its actual size. The white faces of the creatures are like those of badly wrinkled, little old men.

Its natural habitat is the treetop world. There in daredevil fashion it catapults from limb to limb, distances as much as 15 feet, and seldom misses its goal. The flight is made with arms and legs outspread, so that they serve as a sort of parachute.

The capuchins live in bands of 30 or more individuals, and when on the move such a band may extend for as much as a quarter of a mile through the treetops. The members of such a band keep in communication with one another by a call which has been described as "like a human imitating a crow," given three or four times in succession.

27 Per Cent Now Live in Suburbs

NEW YORK—The population gap between suburbs and cities narrowed further in the 1950-55 period, with the outlying parts of standard metropolitan areas growing seven times as fast as the central cities in the period, according to data compiled by the U.S. Bureau of the Census.

Despite this trend, however, the central cities of the metropolitan areas still contain the biggest single block of the U.S. population, amounting to just under a third of the total. This proportion has changed little over the last decade and a half.

The population of the outlying areas of standard metropolitan areas gained about 9½ million in population in the 1950-55 period to a total of more than 44 million inhabitants. The comparable figure in 1940 was less than 26 million. As a result, the suburbs now have 27 per cent of the total civilian population of the United States, the highest such proportion on record.

Men Preferred In Two Departments

NEW YORK—Want to start an argument next time you're in mixed company? Well—according to the Better Vision Institute, men can estimate distances much more accurately than women can.

And, what's more, they also have a slight edge in judgment of speed. These skills are important to an automobile driver, particularly at intersections and in meeting oncoming cars.

In tests, fifty-four men and 54 women were measured for visual acuity, distance judgment, and speed estimation, on three different instruments. The people with good far-point visual acuity were found to be better than the others in distance judgment and a little better in speed estimation. But driving experience had no substantial relationship in either of these skills. It would seem that the average driver without special training improves very little in distance judgment and speed estimation after he once learns to drive.

Man Gets Mad When Police Play Unfair

HAGERSTOWN, Md.—When the police aren't playing fair, a citizen has a right to get mad.

That's the story Robert Wall, a 23-year-old resident of Martinsburg, W.Va., gave Magistrate William Kreykenbohm when he was arraigned on charges of exceeding 70 m.p.h. and passing on a hill.

State trooper Vic Gullmino testified he had to chase Wall at speeds up to 85 m.p.h. before he was stopped.

"I just got aggravated because the trooper was traveling in a plain car, not a marked one," Wall explained to the magistrate.

His aggravation cost him \$115 in fines.

Washington Landslide

WASHINGTON—Officeholders and Government employees recently voted 5 to 1 in favor of retaining bean soup, a historically daily delicacy in House and Senate dining halls.

The balloting was initiated by the newly-formed Committee for Preservation of Bean Soup at the United States Capitol—which sounds like a highly influential organization.

Huge Market Now For Leisure-Time Items, Services

NEW YORK—The growth of the economy in recent years accompanied by a big rise in personal income levels has created a multi-billion dollar market for a wide variety of leisure-time products and services as well as expanding the demand for basic necessities.

An important factor in this development has been the increasing prevalence of paid vacations and holidays for the average worker in the factory as well as in the office. Along with this, the short work week has become standard in business and industry and in virtually all other lines of activity. As a result, more leisure without loss of income has become one of the distinguishing characteristics of American life and of our living standards, and it has become a significant force in expanding consumer expenditures and in economic activity in general.

This trend has brought obvious benefits to the people and to the nation in the physical and psychological values to the typical individual and family of more time and money for recreational activities. From the financial point of view, however, it has been a costly development and an added charge on production. It is now estimated that paid vacations and holidays alone cost industry an average of about \$200 a year per worker.

Ever See a Sphyg- momanometer

WASHINGTON—The history of two diagnostic medical instruments that everyone remembers from his earliest visits to the doctor's office—the stethoscope and the sphygmomanometer, (blood-pressure instrument) form the nucleus of a new exhibit at the Smithsonian Institution. These instruments are part of a collection lent to the Institution by Philip Reichert, M.D., of New York City.

The romantic history and evolution of the stethoscope began in 1819, when the young French physician Rene Theophile Laennec announced his invention of this instrument. Since then the stethoscope has become not only the standard equipment of every medical practitioner but also one of the very symbols of the profession.

As early as 1733 Stephen Hales measured the blood pressure of a horse, but it was not until late in the 19th century that the clinical sphygmomanometer came into being. As the new exhibit shows, it was with Riva Rocci's invention of a constrictive cuff instrument in 1895 and von Recklinghausen's experiments in 1901 that the modern blood-pressure instrument was born. Subsequent developments have been merely refinements of these two innovations.

Basketball? Gauchos Play It on Horseback

WASHINGTON—For 65 years basketball has fascinated North Americans, but the organization of a "Pato" league in Argentina introduces a new twist. The Argentines play their basketball on horses.

Originated by the Indians and enthusiastically adopted by the hard-riding gauchos of the pampas, the game of pato has been called the roughest of them all.

Pato means duck in Spanish. The name is an apt one, for the original "ball" was a dead duck sewn into a leather bag. The duck's head was allowed to stick out and two other handles were attached.

Pato's object is to throw the duck into a basketlike net at each end of a polo-sized field about 230 yards long and 90 yards wide. The catch is that each player holding the ball must "offer" it at all times, holding the pato at arm's length so that opposing players can grasp it.

The dead duck has long since been replaced by an official ball with six leather handles.

Rising Traffic Toll Shown in Death Claims

NEW YORK—Motor vehicle fatalities in the first quarter of this year resulted in 11,000 life insurance death claims for an aggregate of \$23,000,000, the Institute of Life Insurance reports.

This was 1,000 more claims and \$3,000,000 more in benefit payments than in the corresponding three months of 1955 and represented the largest first quarter total on record.

If the rate of gain of the first quarter continues through 1956, this year's life insurance death claims from auto accidents may be expected to reach a record \$100,000,000.

Thieving Rat Caught

ANCONA, Italy—Carlo Frontini had wished for some time to catch the rat that was stealing banknotes from his wine shop cash box.

Finally Carlo moved a refrigerator and found a hoard of 10,000 lire notes (worth \$16 each) that had been used to line a rat's nest.

Magic Crystals Foil Perils Of Travel

Summer time means that family living—especially at mealtime—moves out-of-doors. Whether you make a long trek to a camp site, or just a Sunday jaunt into the country, you have to limit menus to foods that require little or no refrigeration and are easy to carry. This can pose a real problem in serving your family balanced meals. Because of the danger of spillage and spoilage, you'll find that fresh milk, always so necessary to family health, is one of the food essentials most frequently left behind.

For example, you can't use all of your precious refrigeration space for bulky milk containers. But you can have all the proteins, calcium phosphorus, B vitamins and flavor of fresh whole milk—and without depriving other essential foods of proper refrigeration.

The answer is to carry your milk not as a liquid, but in a light weight, concentrated crystal-like form, like Instant Carnation non-fat dry milk. At meal time, just mix the "magic crystals" with cold water and you have real milk nourishment to round out any out-door meal. And if you're camping, it means you can mix your morning flapjacks with milk instead of water!

For short jaunts, take along the three-quart size... if you're planning a long family camping trip, carry the eight-quart family size.
